

The finest Do-It-Yourself portable insulation machine on the market!

Complete Portability

The FiberForce's two piece design, light weight, and built in handles and wheels provide the ability to transport in almost any vehicle and access any jobsite. The removable hopper has a hinged shelf to simplify product loading while minimizing aisle and transportation space requirements.

High Production Rates

One hour install of R-19 cellulose or fiberglass in a 1500 square foot attic is made possible by its high production rates.

Ease of Use

The wireless remote enables operation from the installation location without the requirement of taking a cord with you.

System shown with **standard** wireless remote, power cord, & 100 feet of hose.

- ✓ Polyethylene construction: lightweight, rust-free, and extremely durable.
- ✓ 1-15amp 115V circuit simplifies power requirement.
- ✓ Quick-connect hose connectors.
- ✓ Slide gate enables applications in addition to attics.
- ✓ Intec's urethane seals last 2-3X longer than industry standard seals providing high production rates with less required maintenance.
- ✓ Stainless steel airlock plates create a virtually indestructible airlock.
- ✓ Hopper options to increase system capacity as beneficial with desired use.

FORCE[®]
Insulation Blowing Machines

Specifications

- Weight: 163lbs (74.1kg) standard hopper
174lbs (79.1kg) optional tall hopper
- Hose outlet: 2-1/2 inches (6.4cm)
- Electrical: 115VAC @14amps
- Power Cord: 1 - 12/3 gauge twist lock 50' (15.2m) with LED indicators indicating power transmission
- 1 year warranty, limited.

High Production Rates:

- 42 bags/hr cellulose; 1050 lbs/hr (477kg/hr)
- 13 bags/hr fiberglass; 400 lbs/hr (182kg/hr)

Hopper Options

Standard	Tall
✓ Smaller footprint	✓ Increased hopper capacity
✓ Enhanced portability	✓ Larger working platform

Machine Features

Two piece polyethylene construction enhances portability

Quick-Connect hose

Quick-clean filter & access panels simplify maintenance

Fold-down shelf provides generous loading platform

Industrial grade wireless remote compliments ease of operation

Slide Gate adds to application versatility
